NEW QUESTION: 1
DRAG DROP
An organization has an Office 365 tenant. You hire a new administrator.
The new administrator is responsible for several SharePoint

Online site collections.
You need to grant the new administrator access to SharePoint
Online as a site collection administrator.
Which three actions should you perform in sequence? To answer,
move the appropriate actions from the list of actions to the
answer area and arrange them in the correct order.

Answer:
Explanation:

Add or remove site collection admins by using the SharePoint
admin center You have to sign in to Office 365 as a global
admin or SharePoint admin. You must then navigate to the s
SharePoint Admin center. You then select the check box in front
of the site collection for which you want to change the
administrators, click Owners, and then click Manage
Administrators. You can now change the name in the Primary Site
Collection Administrator box, or add or remove names in the
Site Collection Administrators box.
