NEW QUESTION: 1

Which of the following is the primary purpose of financial statement audit engagements?

A. To provide a review of routine financial reports, including analyses of selected accounts for compliance with generally

accepted accounting principles.

B. To provide an analysis of business process controls in the accounting department, including tests of compliance with internal policies and procedures.

C. To evaluate organizational and departmental structures, including assessments of process flows related to financial matters.

D. To assess the efficiency and effectiveness of the accounting department.

Answer: A

NEW QUESTION: 2

Which type of address is the public IP address of a NAT device?

A. outside global

B. inside global

C. inside public

D. insride local

E. outsdwde local

F. outside public

Answer: B

Explanation:

Explanation

NAT use four types of addresses: * Inside local address - The IP address assigned to a host on the inside network. The address is usually not an IP address assigned by the Internet Network Information Center (InterNIC) or service provider. This address is likely to be an RFC 1918 private address. * Inside global address - A legitimate IP address assigned by the InterNIC or service provider that represents one or more inside local IP addresses to the outside world. * Outside local address - The IP address of an outside host as it is known to the hosts on the inside network. * Outside global address - The IP address assigned to a host on the outside network. The owner of the host assigns this address.

NEW QUESTION: 3

Click the Exhibit button.

Referring to the exhibit, which path will traffic from R6 take to reach R1?

A. R6 > R4 > R2 > R1

B. R6 > R5 > R3 > R2 > R1

C. R6 > R4 > R2 > R3 > R1

D. R6 > R5 > R3 > R1

Answer: A
