number configured for Cisco Unified Contact Center Enterprise scripts
Answer: C

NEW QUESTION: 2 This question requires that you evaluate the underlined text to determine if it is correct. You have several virtual machines in an Azure subscription. You create a new subscription. The virtual machines cannot be moved to the new subscription. Instructions: Review the underlined text. If it makes the statement correct, select "No change is needed". If the statement is incorrect, select the answer choice that makes the statement correct.
A. No change is needed
B. The virtual machines can be moved to the new subscription only if they run Windows Server 2016.
C. The virtual machines can be moved to the new subscription only if they are all in the same resource group
D. The virtual machines can be moved to the new subscription
Answer: D
Explanation: Explanation You can move a VM and its associated resources to a different subscription by using the Azure portal. Moving between subscriptions can be handy if you originally created a VM in a personal subscription and now want to move it to your company's subscription to continue your work. You do not need to start the VM in order to move it and it should continue to run during the move.
